Around the Campfire

Reading: Point of View

We spent some more time discussing how characters in stories feel and what their perspective is. This module will continue to have students look at the different characters and details to determine the point of view.

Writing: Informational

We continued working on our informational paragraphs. Students wrote their rough drafts and had some time to revise. We will finish our final draft (typed) of the paragraphs next week.

Math: Perimeter

We continued to practice perimeter. Students seem to enjoy working on this skill, and I hope they are able to apply it at home and in their future academic career (maybe even future profession).

Science/Social Studies:

Communities Build a Nation

We discussed America's First peoples and early explorers. We looked at maps to see where the explorers started to settle.

From The Teacher:

We had a fun Valentine's day- lots of sugar! They were all eager to pass out their treats. Thank you for sending in ice cream sundae toppings and items for the celebration. I am seeing more and more independence, and students are working hard to complete work with thoughtful answers. Next week will be another short, but fun week. Please let me know if you would like a spring parent/teacher conference- I have a few slots available- just message me! Have a great LONG weekend and keep reading! 😊 Mrs. Anderson

Please feel free to call, send DOJO message, or e-mail me any questions or concerns about your child. Thank you!
