## Around the Campfire

### Reading: Unit 2

We are reading an informational text involving extreme places around the world. Students are making connections to stories we have already read in ReadyGen.

### Writing: Informational

We will begin discussing and looking at features in informational writing and use those skills to write a paragraph.

### Math: Elapsed Time

We will finish unit 3 in math next week. Before we start unit 4, we will spend some time working with elapsed time. This will be a short unit, but students will continue to use the skills on upcoming tasks.

### Science/Social Studies:

#### Junior Achievement

We have one more session with our Junior Achievement representative, Lauren Beyersdorf. The students are learning more about communities and businesses within a community.

## ACTIVITIES

**January 17 & 20**- No School

**January 21**- Jack's Birthday

**January 27-31**- Kindness Challenge Week

**February 5**- Early Release @ 12:50pm

## NOTES

Star of the Week: Congratulations to the most recent student of the week, **Karmen**. Thank you for being a role model to the class!

Reading Levels: Next week, students will be receiving a new reading level dependent on their NWEA/Dibels score. This level should challenge them more as readers in hopes to continue improving. Please help support this by reading at home with them and encouraging them to read at their level.

## From The Teacher:

This week flew by! We are (mostly) finished with our NWEA assessments for the winter session, and I am happy to report that students have made good progress. With the updated scores, we can arrange and plan for intervention groups to best help students on skills they need more work on. Next week, we will start to explore some new ideas and continue to reinforce skills previously taught. I am seeing students grow and mature each and every day. Expectations will continue to rise as we move through the rest of the school year. I hope you enjoy your LONG

weekend with them! 😊 Mrs. Anderson

Please feel free to call, send DOJO message, or e-mail me any questions or concerns about your child. Thank you!
