DUE

Reading: The World Around Us

We finished unit 1 in Reading. We will begin Unit 2; Module A on Monday. The focus will be on connecting character, culture, and community.

Writing: Foundational Skills

We continued to work on improving our sentences as well as learning the different types of sentences. We will be working with this into next week. Then we will begin talking about our next writing piece.

Math: Collecting & Representing

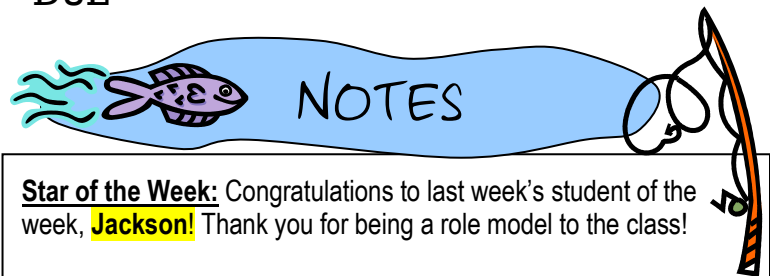

Data

We will continue to explore ways to represent data and generate measurement data. Thank you to help at home on homework pages that have been coming home.

Science/Social Studies:

Our Environment

We started our geography unit in social studies. We have discussed different landforms and climates. Students can continue to practice for their Maps quiz next week!

Star of the Week: Congratulations to last week's student of the week, **Jackson!** Thank you for being a role model to the class!

Book Orders: I understand Christmas is still a ways out, but any early shoppers may want to consider ordering a book from the book orders. We will be doing a book exchange as gifts for classmates. A book around \$5 that can be for either boy or girl.

Moby Max: You can access it at home: www.mobymax.com and our school code is: sd844. The students can do language, vocab, math, and fact master categories for practice.

From The Teacher:

We had a great week! We are missing Miss Knight, but the kids seem to be adjusting fine. Students are coming more prepared for class, and I am seeing homework coming back more often 😊 We will continue to explore new ideas and concepts. You should be proud that your child brings his/her uniqueness to the bunch making a balanced classroom environment! While the students LOVE to talk and share, they are a FUN group of kids and definitely keep me on my toes. Please enjoy your weekend and Keep Reading! 😊 Mrs. Anderson
Please feel free to call, send DOJO message, or e-mail me any questions or concerns about your child. Thank you!
